* Effective on the day following publication in the Official Journal of the EU, most likely around the first week of May 2009.

**This table only covers fees that will change. For example, there is no change to the fee for each additional class (currently €150 for individual marks and €300 for collective marks).

Notes

1. I.e. applications filed before effective date pay the old fees; those filed after effective date pay the new fees.
2. If the application has reached the milestone of being ready for registration before the effective date and OHIM has already sent the letter L305 (inviting the applicant to pay the registration fee), then the applicant must pay the old registration fees (and the additional fee for late payment, if applicable). If the application reaches the registration milestone after the effective date, the new registration fees (that is, zero) apply.
3. Additional notes on Madrid protocol: The new Madrid fees become effective 3 months after the Commission notifies WIPO, i.e. 3 months after the effective date. During those 3 months, Madrid applicants will continue to pay the old fees. If protection is refused for one of those applications, OHIM will refund a portion of the fees according to today's rules. Once the new Madrid fees come into effect, there will be no refunds in the event of refusal.
